Good Evening Ladies and Gentlemen:

I am requesting a refund of \$1404.03 from Dell , and a refund for the extended warranty service for \$219.30 Total refund is \$1623.33 The reason for the refund is that Dell has failed to fix my computer after innumerable complaints. The first complaint was launched 2021 shortly after its purchase, and the complaint was just brushed off. An extended warranty service was purchased in April 2022, and Dell shipped me a box in May 2022. The laptop was returned in this box in December 2022, but Dell Conveniently removed the service request from the records to conceal the fact that the laptop is defective, and that other people have had the same thermal complaint as it relates to the Dell XPS 15 7590.

On January 6, 2023, Dell received the laptop, promptly closed the case without repair, and shipped the laptop back to Palo Alto. Another service request was initiated, and instead of picking up the laptop from Palo Alto Dell sent a box to 1175 Crescent City, Ca. Still another complaint was sent to Dell, and instead of Dell picking up the laptop from Palo Alto, Dell sent another box to Palo Alto, but there is no one there to take it out of its current Dell box, and put it in a new one, and there is nothing wrong with the box that Dell shipped the laptop in. I don't need a box, but need you have Fedex pick it up, and repair it. In summary, Dell computer, and Michael Dell is guilty of constructive fraud, and you are requested to immediately refund all money ever paid to in connection with this laptop, including the extended warranty fees for a total of \$1623.33

This refund should be sent to:

DNGR  
PO Box 18943  
Stanford, CA 94309

In the remarks area you should indicate:  
Deposit to SF Trust, BS Subtrust  
Account ending 3140.

A prompt reply would be appreciated.
